Borderlands Canyoning Pioneers Since 1996

Borderlands Eco Adventure Resort is proud to be the pioneer of canyoning in Asia. Introduced in Nepal for the first time in 1996, this adventure sport is geared towards ultimate sports enthusiasts.

Canyoning is unique amongst adventure sports as it involves a combination of abseiling, sliding and climbing down steep waterfalls, and jumping into deep pools. Canyoning allows the intrepid explorer, with the help of our experienced guides, to explore some of the most ruggedly beautiful yet forbidden places in Nepal.

Borderlands offers a two day canyoning experience, with accommodation included at our beautiful river-side resort. Over two days you will experience dazzling descents past wild rock formations, through blasts of water, from sheer cliffs and slides to pounding waterfalls. You will swim in stunning river pools, under waterfalls, and rest on golden riverside beaches.

Borderlands Canyoning Pioneers Since 1996

If you like nature and want to go on an adventure through a terrain of lush forest, waterways and surprise, then canyoning is the sport for you.

Despite all the fun and excitement, this sport requires the guidance of experts. Our instructors are experienced canyoneers, and safety is our number one priority. We believe the practice of safe canyoning necessitates the use of high quality equipment, and excellent knowledge of these remarkable places.

Together with our expert guides, canyoning allows you to explore a variety of extreme aquatic environments in some of the most stunning surroundings in Nepal. Take the leap and come join us!

Leadership Development Programmes for Youth Creating Brighter Futures

Borderlands have established Nepal's premier Leadership Development Programs (LDP), and are the industry leaders in running courses that create brighter futures for youth from all over the world.

These courses are unique in Nepal and use a wide range of outdoor adventure and activities as tools to help foster an experience that will broaden young people's educational base and stay with them for a lifetime.

A GROWING NUMBER OF INTERNATIONAL SCHOOLS / COLLEGES AND ORGANIZATIONS HAVE ESTABLISHED PARTNERSHIPS WITH BORDERLANDS TO UNDERTAKE CUSTOM-DESIGNED COURSES IN ADVENTURE EDUCATION.

The aims of these programs are to aid both social and academic development in a unique and safe learning environment. There is a strong emphasis on developing personal, inter-personal and team work skills. Our instructors are skilled, dedicated and caring outdoor educators with a broad range of personal and professional experience.

Activities are designed to be multi-faceted, educational and challenging either physically or mentally. Common course themes include problem solving and team building skills, cross cultural interaction, community service, and leadership development. And of course, one of our major themes is having fun!

LDP AIMS

- Building skills to encourage personal development such as; leadership, team building, group work, communication, creative thinking, coordination,

BORDERLANDS

Leadership Development Programmes for Youth Creating Brighter Futures

planning, presentation, listening and much, much more

- Increasing cross cultural interaction
- Encouraging community service
- Developing an appreciation for the outdoors and the environment
- Providing an insight into the rural lives of the Nepalese people via interaction with local schools and people, and tours through Sherpa and Tamang Villages

Through the various games and initiatives, the Borderlands LDP thrives to impart experiential learning that will teach various social and academic skills that the students can take back to their school and home.

All our programs are tailored to meet the requirements of the school's educational program and the ability of the students. Please contact the team at Borderlands for more information. We look forward to hearing from you...

Community Connection – Combining Good Will with Good Fun Borderlands has spent many years establishing meaningful and productive community projects, working with local schools and community groups. Many of our existing youth LPD clients have played a crucial role in developing these connections, and have built longstanding and rewarding relationships with local schools and groups.

We welcome and encourage all our clients to become involved with our projects. Incorporating community work into a Leadership Programme teaches essential life skills and gives youth experiences that will stay with them for life.

Professional Development Programmes Building Stronger Teams

Positive staff moral and effective, thriving teams do not happen by accident. They happen by design.

It's a well established fact that a cohesive team working together to achieve collective optimum performance yields the best possible results in any organization. Social interaction and experiential learning are proven to build strong, productive teams.

For over a decade, Borderlands have been providing world class Professional Development Programs (PDPs), Team Building Events, Leadership Development Programs (LDPs) and Staff Retreats for organizations both domestic and international.

The Borderlands Leadership Centre offers your business or organization an opportunity to focus on goals in a setting that is truly unique. We believe that a quality environment breeds quality thought.

The challenges we face today are increasingly demanding, complex and often unpredictable. They require individuals and teams to change - to think and work in new and effective ways.

In conjunction with our adventure centre, our programs use many activities and initiatives as metaphors to help your organization focus on their goals. Our PDPs are designed to stimulate personal growth within a framework of support and team unity.

Borderlands Eco Adventure Resort

The Borderlands Eco Adventure Resort is a truly magical place, with its own rhythm, flavor and soul. Just three hours north of Kathmandu City and just South of the Tibetan border, the resort has a mystical force that transports

it's guests to another time and place, when life was far less complicated.

Borderlands is situated on the side of the mighty Bhote Koshi, one of the worlds most exciting white water rivers. The resort is beautifully sculpted on sprawling terraces that are surrounded by steep mountains and countless waterfalls.

Thatch roofed, safari style tents offer you an idyllic setting to relax and integrate yourself into the natural surroundings. Built in a way that emphasizes the charm of a local village, without compromising the comfort of its guests, Borderlands Resort is truly unique.

The meals at Borderlands are simple yet delicious. All meals are prepared fresh, with much of the ingredients having been grown in our own organic gardens. The restaurant operates like a traditional home-style kitchen, with a menu that changes daily.

Borderlands is free from the pollutants of the city. The sky is bluer, the stars are brighter and the air is fresh and clean. Whether you are seeking an adrenaline pumping adventure, a relaxing retreat, or a mix of both, Borderlands is the ideal destination for you. This beautiful resort will sooth your soul, we invite you to visit and share in this remarkable experience...
